

MICROSOFT ACCESS PRACTICAL QUIZ

Topic: Tables, Primary Keys, Relationships, Data Entry and Forms

Duration: 1 Hour 30 Minutes

Total Marks: 50 Marks

General Instructions

1. Save the database as:
Library.accdb

10 Marks

Create a table named **Books** using Design View.

Field Structure

Field Name	Data Type
BookID	AutoNumber
BookTitle	Short Text
Author	Short Text
Category	Short Text
Publisher	Short Text
YearPublished	Number
Copies	Number

Set **BookID** as **Primary Key**

Create another table named **Members**.

Field Structure

Field Name	Data Type
MemberID	AutoNumber
AdmissionNo	Short Text
FirstName	Short Text
LastName	Short Text
Gender	Short Text
Phone	Short Text
Course	Short Text

Set **MemberID** as the Primary Key.

QUESTION 3: CREATE THE BORROWING TABLE

10 Marks

Create a third table named **Borrowing**.

This table will connect the **Members** and **Books** tables.

Field Structure

Field Name	Data Type
BorrowID	AutoNumber
MemberID	Number
BookID	Number
BorrowDate	Date/Time
ReturnDate	Date/Time

Set **BorrowID** as the Primary Key.

QUESTION 4: CREATE THE RELATIONSHIPS

8 Marks

Relationship 1: Members to Borrowing

Connect:

Members.MemberID to: **Borrowing.MemberID**

Relationship 2: Books to Borrowing

Connect:

Books.BookID to: **Borrowing.BookID**

QUESTION 5: ENTER DATA

6 Marks

A. Enter Data into Members

Open the **Members** table in Datasheet View.

Enter:

AdmissionNo	FirstName	LastName	Gender	Phone	Course
ST001	James	Mwangi	Male	0712345678	ICT
ST002	Mary	Achieng	Female	0723456789	Business
ST003	Peter	Kamau	Male	0734567890	ICT
ST004	Ruth	Wanjiku	Female	0745678901	Accounting
ST005	Brian	Otieno	Male	0756789012	ICT
ST006	Mercy	Njeri	Female	0767890123	Business

B. Enter Data into Books

Enter the following records:

BookTitle	Author	Category	Publisher	YearPublished	Copies
Introduction to Computers	Peter Norton	ICT	Pearson	2022	5
Database Fundamentals	Thomas Connolly	ICT	Pearson	2021	4
Business Communication	Lesikar	Business	Oxford	2020	6
Basic Accounting	Frank Wood	Accounting	Pearson	2019	3
Web Design Basics	Jon Duckett	ICT	Wiley	2023	7

C. Enter Data into Borrowing

Enter the following records:

MemberID	BookID	BorrowDate	ReturnDate
1	1	01/09/2026	08/09/2026
2	3	02/09/2026	09/09/2026
3	2	02/09/2026	09/09/2026
1	4	03/09/2026	10/09/2026
4	1	03/09/2026	10/09/2026
5	5	04/09/2026	11/09/2026
2	2	04/09/2026	11/09/2026
6	3	05/09/2026	12/09/2026

8 records

Do not enter anything in **BorrowID** because it is AutoNumber.

QUESTION 6: CREATE A MEMBERS FORM

Save the form as: **frmMembers**
